Upset about climate change? Let's do something about it!

Please join us as we celebrate Tu B'Shevat by attending a virtual presentation from the Theodore Roosevelt Sanctuary and Audubon Center where we will learn how to transform outdoor space into bird sanctuaries that save water and resources, and combat climate change.

Zoom link will be available in the e-notice prior to the event

We hope to follow up with a Spring Mitzvah Day for volunteering at the Theodore Roosevelt Sanctuary.
